

ACTIVEFINANCE™ SERVICE OVERVIEW

Flexible payment solutions for SaaS & cloud delivered security services

Whether you are renewing, upgrading, or growing your software estate or deploying an entirely new SaaS solution, why not spread the cost? activereach offers flexible payment options and access to the largest funding panel in the UK.

ACCELERATE PROJECTS

Payment solutions can help you start and execute projects sooner. Finance your entire solution — hardware, software, SaaS and services – with a monthly or quarterly payment plan.

ENHANCE BUSINESS RESULTS

Flexible payment options can help improve cash flow, unlock tax savings, and enhance Return on Investment (ROI) & Total Cost of Ownership (TCO).

BOOST AGILITY

Payment plans aligned to workload needs can help increase your business agility. Use for upgrades and renewals, including subscriptions & support, to defer cost through payments over time.

activeFINANCE™

A SMARTER WAY TO PAY FOR SAAS

SPREAD THE COST WITH FLEXIBLE PAYMENT PLANS

activeFINANCE™ payment plans allow you to spread the cost of 1-, 3- or 5-year Software-as-a-Service (SaaS) subscriptions across regular monthly or quarterly payments for the full term of the licence. Accelerate projects, conserve cash and budget with confidence.

MATCH YOUR COSTS TO THE RETURN ON YOUR INVESTMENT

With an activereach payment plan, costs are fixed for the entire term, and the VAT is spread too - meaning no large capital outlay. Why pay in full, up-front for assets which typically return their value over time?

CONSULTANCY COSTS? PROFESSIONAL SERVICES? HARDWARE?

Don't worry, we can wrap all of your project costs into one facility – providing complete funding for your entire expenditure.

TAKE A STRATEGIC APPROACH TO YOUR CLOUD INVESTMENTS

activeFINANCE™ allows you to adopt a strategic approach to your software and SaaS costs moving forward. Paying small, fixed amounts on a regular basis removes the pain of ad hoc and often large demands on capital in the future.

UNLOCK MULTI-YEAR DISCOUNTS

If the technology solution provider offers cost savings for longer term license commitments, a smart payment plan allows you to unlock these discounts without the need to pay upfront.

PAIN FREE PROCESS

At activereach, our expert finance team manages the whole process for you and provides ethical, transparent documentation.

NOT TO MENTION THE TAX SAVINGS

activeFINANCE™ agreements are highly tax-efficient. Meaning the repayments, including any interest, are 100% tax deductible. Take a look at how much you could save.
